

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

December 8, 2020

Dear Union Grove Members, Friends, and Family:

By now we've all likely heard the good news that the U.S. is closer than ever to COVID-19 vaccine distribution, and while the vaccine remains scarce for now, according to a state vaccination plan it will go first to health care workers and then to long-term care facilities. We look forward to updating you on the plans for our veterans homes once more information is available. In the meantime, don't forget that you can protect your family from serious illness right now by getting the flu vaccine.

Since our update yesterday, one Member at Union Grove has tested positive for COVID-19 and one Member has recovered. Currently there are five active positive cases of COVID-19 on campus (two Members, three employees).

Beginning in January 2021, we will be moving to email and text notifications, instead of mailed paper letters, as our primary way of sharing these updates. If you have not yet added yourself to our email and phone mailing list, please do so now at www.WisVetsEmail.com. If you would like to continue to receive printed and mailed letters, please contact Michelle Adamek at (262) 878-6753.

Sincerely,

A handwritten signature in black ink, appearing to read 'Erin Johnston'.

Erin Johnston
Commandant
